Due to lack of time recently, and delayed responses to requests for information, we have been somewhat slow in our planning, but the pace will quicken from now on, and details forwarded as soon as the Joint Committees of the Horticultural Society of Canberra Inc., and the Daffodil Association meet and finalize arrangements. We know how important it is for growers and interested people to know early, so we intend to do our best, and quickly.

EDITOR'S NOTES

For those members looking for some in-depth words of wisdom on the actual growing of daffodils, I apologise for the lack of such advice in this Newsletter. Their contents can only be as good as the contributors and members make them, and I seek your assistance. Sharon tried to find out what members wanted, and had but one reply.

Thanks to Bill Little, Esmond Jones and Tony Davis for their help this time, and to Norma Graham and Sharon Davis for recording the Show results.

PLEASE NOTE THAT THE DEADLINE FOR OUR NEXT ISSUE IS MID-FEBRUARY

Season's Greetings to everyone. I'm off to New Zealand to be with Sharon and Graeme for Christmas and the New Year. Tony has 'chosen/been forced/has no alternative but' to stay and look after the gardens, his horses and my Mum and Dad. When I return, however, he's goin' fishin'.
